Dear Rich,

Per your request, I am writing to tell how pleased I am with Jeffrey Dean speaking to our students today at Ladysmith High School. Jeffrey delivered a message that all of our students needed to hear. In fact, some students needed to hear it with great urgency. Jeffrey spoke with energy and conviction. It was evident in his presentation that he cares about kids and their well-being. His message for kids to be their best selves was backed up by touching stories, humor, and common sense. My appreciation goes to Jeffrey and the work you do. Keep up the good work.

Sincerely,

Dr. Robert Lecheler, Principal
