To Whom It May Concern,

I would like to thank Wise Choices of Wise County for being persistent in providing the opportunity to have Jeffrey Dean speak to the students of Slidell ISD. Our elementary students enjoyed his thought provoking comments, singing, and the fun participation in the activities. In a short time, Dean provided the students with information on respect, wise choices, friendships, bullying, and more in a fun and challenging presentation.

The boys and girls shared how they enjoyed the “funny song” and dance movements. The students were singing and repeating it for days. I saw the impact that Jeffrey Dean has on his audiences. As a first time witness, I can recommend this gentleman and his message for young people.

Sincerely,

**Marsha L. Griggs
Slidell Elementary Principal
Slidell Independent School District**
